

Reasoning Ability & Computer Aptitude for Probationary Officers

SR	Question	Option1	Option2	Option3	Option4	Option5	Ans	Explanation
----	----------	---------	---------	---------	---------	---------	-----	-------------

Directions (1-5) : Study the following information carefully and answer the questions given below :

Letter	A	Q	U	V	I	S	T	F	Z	R	O	X	G	N	D
Digit/ Symbol	@	3	4	#	7	1	6	%	5	\$	8	9	*	2	&

Conditions:

- i) If the first letter is a consonant and the last letter is a vowel then both are coded as the code for the vowel.
- ii) If both the first and the fifth letter are vowels then both are coded as the code for the fourth letter.
- iii) If both the second and the last letter are consonants, then their codes are to be interchanged.
- iv) If the second letter is a vowel and the second last letter is a consonant, both are to be coded as the code for the consonant.
- v) If only one condition is applied then apply that condition and for the remaining letters the code is that for the immediate next letter in its group.

Note : All the elements are to be counted from left to right to fulfil the condition.

1	FUZRTA	@67\$2@	@45\$6@	@65\$6@	@65\$6%	None of these	3	Condition I and iv applied
2	IZRFOX	%9\$%%5	%7&%%5	%9\$*45	%6545%	None of these	1	Condition li and iii applied
3	NQFDVU	23%	4%,	44%#45	6&%43	None of these	2	Condition I and v applied
4	DUINFO	4%564%	8%25&8	&546%4	8%72%8	None of these	4	Condition I and iv applied
5	VGFAQOR	*\$38S*	*7868&	67%8&*	*7&%\$8	None of these	1	Condition lii and iv applied

Direction (6-10): Study the following information carefully and answer the questions given below: Seven persons are buying different things. Only one person buy thing between C and A. B is buying thing immediately before C. Two persons buy things between C and D. C buy things after D. E buys thing immediately before D. More than three persons buy things between E and F. Only three persons buy things between D and G.

6	How many persons buy things between A and F?	One	Two	Three	Four	More than four	3	<table><tr><td>Persons</td></tr><tr><td>E</td></tr><tr><td>D</td></tr><tr><td>A</td></tr><tr><td>B</td></tr><tr><td>C</td></tr><tr><td>G</td></tr><tr><td>F</td></tr></table>	Persons	E	D	A	B	C	G	F
Persons																
E																
D																
A																
B																
C																
G																
F																
7	Who among the following buy thing immediately after F?	D	B	G	A	No One	5									
8	Who among the following buy thing immediately before G?	D	B	C	A	None	3									
9	How many people buy things before A?	One	Two	Three	Four	More than four	2									
10	As many as persons are buying things before D as after ____	E	B	F	A	G	5									

Directions (11-15) Study the following information carefully and answer the given questions:

Four players A, B, C and D are holding 4 cards each. Each of them has an Ace, a King, a Queen and a Jack. All of them have all the suits (spades, hearts, clubs and diamonds).

I. A has Ace of spades and Queen of diamonds.

II. B has ace of Clubs and King of diamonds.

III. C has Queen of Clubs and Kings of spades.

IV. D has Jack of Clubs.

11	Ace of diamonds is with	A	B	C	D	None of these	4	
12	Jack of hearts is with	A	B	C	D	None of these	1	

13	Queen of spades is with	A	B	C	D	None of these	4		Spades	Diamonds	Clubs	Hearts
14	C has which of the following with him?	Ace of Hearts	Jack of spades	King of Hearts	Queen of spades	None of these	1	Ace	A	D	B	C
15	D has which of the following with him?	Ace of Hearts	Jack of spades	King of Hearts	Queen of spades	None of these	3	King	C	B	A	D
								Queen	D	A	C	B
								Jack	B	C	D	A

Directions: (16-20) Study the following information and answer the given questions-

6 persons are born on 3rd and 13th of three different months-February, September and March. Number of persons born before Shilpa is equivalent to number of persons born after Raman. Karan was born on 13th March. Aman was born before Shilpa, but both of them are not born in the same month. Only 2 persons are born between Neetu and Ghazal, who was born immediately after Shilpa.

16	Who was born on 3rd February?	Shilpa	Aman	Raman	Karan	Ghazal	2	Month / Day	3 rd	13 th
17	How many people are born between Ghazal and Karan?	0	1	2	3	4	2	February	Aman	Raman
18	If Raman is related to Karan also Aman is related to Neetu. In the same way, Karan is related to?	Shilpa	Neetu	Raman	Karan	Ghazal	5	March	Neetu	Karan
19	Who among the following was born in a month having more than 30 days?	Shilpa	Neetu	Raman	Aman	Ghazal	2	September	Shilpa	Ghazal

20	Who was born on 13th September?	Shilpa	Neetu	Raman	Karan	Ghazal	5	
21	How many meaningful English words can be made from the letters AIPR, using each letter only once in each word?	5	4	3	2	1	5	AIPR = PAIR
22	How many such pairs of letters are there in the word DISTINGUISH, each of which have as many letters between them in the word as they have between them in the English alphabet?	More than three	2	1	0	None of these	1	ST, ING, GUI, US
23	AB, CF, EJ, ?, IR	FM	FL	GJ	GN	None of these	4	The first letter of the pair increases by two, a=while the second letter increases in steps of 4 A(+2) => C(+2) => E(+2) =>G(+2) =>I B(+4) => F(+4) => J(+4) => N(+4) => R
24	George is fifth from the left and Peter is twelfth from the right end in a row of children. If Peter shifts by three places towards Geroge, he becomes tenth from the left end. How many children are there in the row?	21	22	23	24	None of these	4	Clearly, George lies towards the left end while Peter lies towards the right end of the row. So, when Peter shifts towards George, he shifts 3 places to the left. Thus, Peter is now 15th from the right end. But, Peter is 10th from the left end. So, Number of children in the row = (14 + 1 + 9) = 24.

Directions: (25-29) Study the following information carefully and answer the question given below:-

Following are the conditions for selecting Senior Manager Credit in a bank The candidate must

- (i) be a graduate in any discipline with at least 60 per cent marks
- (ii) have post-qualification work experience of at least ten years in the Advances Section of a bank.
- (iii) be at least 30 years and not more than 40 years as on 1.4.2010
- (iv) have secured at least 40 per cent marks in the Group Discussion
- (v) have secured at least 50 per cent marks in the Interview

In the case of a candidate who satisfies all the conditions

EXCEPT

(A) at (i) above but has secured at least 50 per cent marks in graduation and at least 60 per cent marks in post- graduation in any discipline the case is to be referred to the General Manager Advances.

(B) at (ii) above but has total post qualification work experience of at least seven years out of which at least three years as Manager Credit in a bank the case is to be referred to the Executive Director.

In each question below details of one candidate are given you have to take one of the following courses of action based on the information provided and the conditions and sub conditions given above and mark the number of that course of action as your answer

You are not to assume anything other than the information provided in each question All these cases are given to you as on 01-04-2010

25	Somya Gupta has secured 50 per cent marks in the Interview and 40 per cent marks in the Group Discussion She has been working for the past eight years out of which four years as Manager Credit in a bank after completing her BA degree with 60 per cent marks. She was born on 12th September 1978.	if the case is to be referred to the Executive Director	if the case is to be referred to the General Manager Advances	if the data are inadequate to take a decision	if the candidate is not to be selected	if the candidate is to be selected	1	(i) ≥ 60% in graduation, => yes (60%) (ii) Work experience ≥ 10 years, => no (iii) $30 \leq \text{age} \leq 40$, => yes (33 years) (iv) ≥ 40% in Group Discussion, => yes (40%) (v) ≥ 50% in Interview, => yes (50%)
26	Rakesh Maskare was born on 8th March 1974. 30	AZWD, CXUF, ?, GTQJ	EVSH	ETUH	EVIP	FVRI	ETTO	1	The first and last letter moves 2 steps forward. The second and third letter moves 2 steps backward. Hence, the required answer is EVSH.
31	Deepak said to Nitin," That boy playing football is the younger of the two brothers of the daughter of my father's wife." How is the boy playing football related to Deepak?	Son	Brother	Cousin	Nephew	Brother-in-law	2	Father's wife—Mother; mother's daughter—sister; Deepak's sister's younger brother—Deepak's younger brother. So, the boy is Deepak's brother or himself.
32	Sonu is fifteenth from the front in a column of boys. There were thrice as many behind him as there were in front. How many boys are there between Sonu and the seventh boy from the end of the column?	33	34	35	36	None of these	3	Number of boys in front of Sonu = 14. Number of boys behind Sonu = $(14 * 3) = 42$. So, Total number of boys in the column = $(14 + 1 + 42) = 57$. In a column of 57 boys, the seventh boy from the end is clearly 51st from the start. Thus, we have to find the number of boys between the 15th and the 51st boy, which is clearly $35(51 - 15 - 1)$.

33	How many such pairs of letters are there in the word 'PLANTS' each of which has as many letters between them in the word (in both forward and backward direction) as they have between them in English alphabetical series.	0	1	2	3	5	4	There are three such pairs PLANTS - PT PLANTS - LN PLANTS - TS																						
(34-38) Study the given information carefully to answer the given questions. In a certain code language, 'committee to review papers' is written as 'es fr re pt', 'review meeting in morning' is written as 'ch ba mo fr' 'meeting to appoint members' is written as 're dv ch gi' and 'appoint chairman in review' is written as 'mo gi fr yu'																														
34	What is the code for 'morning' in the given code language?	mo	yu	ch	ba	None of these	4	<table><tr><td>Word</td><td>Code</td></tr><tr><td>Committee</td><td>es/pt</td></tr><tr><td>to</td><td>re</td></tr><tr><td>review</td><td>Fr</td></tr><tr><td>papers</td><td>es/pt</td></tr><tr><td>meeting</td><td>ch</td></tr><tr><td>in</td><td>mo</td></tr><tr><td>morning</td><td>ba</td></tr><tr><td>appoint</td><td>gi</td></tr><tr><td>members</td><td>dv</td></tr><tr><td>chairman</td><td>yu</td></tr></table>	Word	Code	Committee	es/pt	to	re	review	Fr	papers	es/pt	meeting	ch	in	mo	morning	ba	appoint	gi	members	dv	chairman	yu

chairman	yu																													
35	In the given code language, what does the code 'pt' stand for?	appoint	Either 'papers' or 'committee'	morning	review	None of these	2																							
36	What may be the code for 'review call' in the given code language?	dv iq	iq ig	iq fr	gi es	fr dv	3																							
37	What is the code for 'to' in the given code language?	mo	mo	gi	dv	re	5																							
38	If 'appoint new members' is coded as 'dv wz gi' in the given code language, then	wz ch es	ch wz yu	yu mo wz	fr es wz	ch yu fr	2																							

	what is the code for 'new chairman meeting'?							
39	If in the number “5734629” all the digits are arranged in descending order from left to right, how many digits will remain at the same position?	0	1	2	3	4	2	Original number = 5734629 After arranging = 9765432 Only 7 remained in its original position
40	Shobha is the niece of Ashish. Ashish’s mother is Priya. Kamla is Priya’s mother. Kamla’s husband is Hari. Krishna is the mother-in-law of Hari. How is Shobha related to Hari?	Daughter	Great grand daughter	Grand niece	Great grandson’s daughter	Cannot be determined	2	Shobha is the niece of Ashish means Ashish is the uncle of Shobha. Now, Priya is Ashish’s mother. So, Priya is the grandmother of Shobha. Hari is Priya’s father. So, Shobha is the great grand daughter of Hari.
